

## BA (HONOURS) IN BUSINESS MANAGEMENT UNIVERSITY OF WOLVERHAMPTON, UK, PROGRAMMES

I began my first year at Podar with lack of confidence, as a quiet and introverted person but with passion and hunger for success. BABM Enterprise checked every box for me in terms of curriculum, faculty, and graduate opportunities. I have a genuine interest in the modules that I have studied. The drive to be better and excel at what I like plays a vital role in keeping me motivated. Additionally, the way that my modules and assessments were designed felt like a perfect way to progressively enhance my knowledge in specific areas.

## BA (HONOURS) IN BUSINESS MANAGEMENT UNIVERSITY OF WOLVERHAMPTON, UK, PROGRAMMES

More importantly, I believe that in the long-term, discipline triumphs motivation; a systematic work ethic allowed me to always finish my assignments before deadlines, even during the pandemic. Moreover, this course enabled me to work with like-minded people on exciting assignments, including being part of international projects and business plan competition. This experience has helped me professionally as well as personally. Therefore, this course provided a platform for me to grow.
